Summary

Luxury real estate
developer

01

Evaco group

A well-established group

Forward-thinking design concepts

With its vision and innovative concepts, the group has established its leadership in the real estate development in Mauritius. Having more than 20 years of experience, Evaco has developed a unique know-how in various industries. We design, develop, market & manage a portfolio of prestigious residential properties. Our teams bring their expertise and ensure the satisfaction of a demanding clientele.

The group

Mauritius

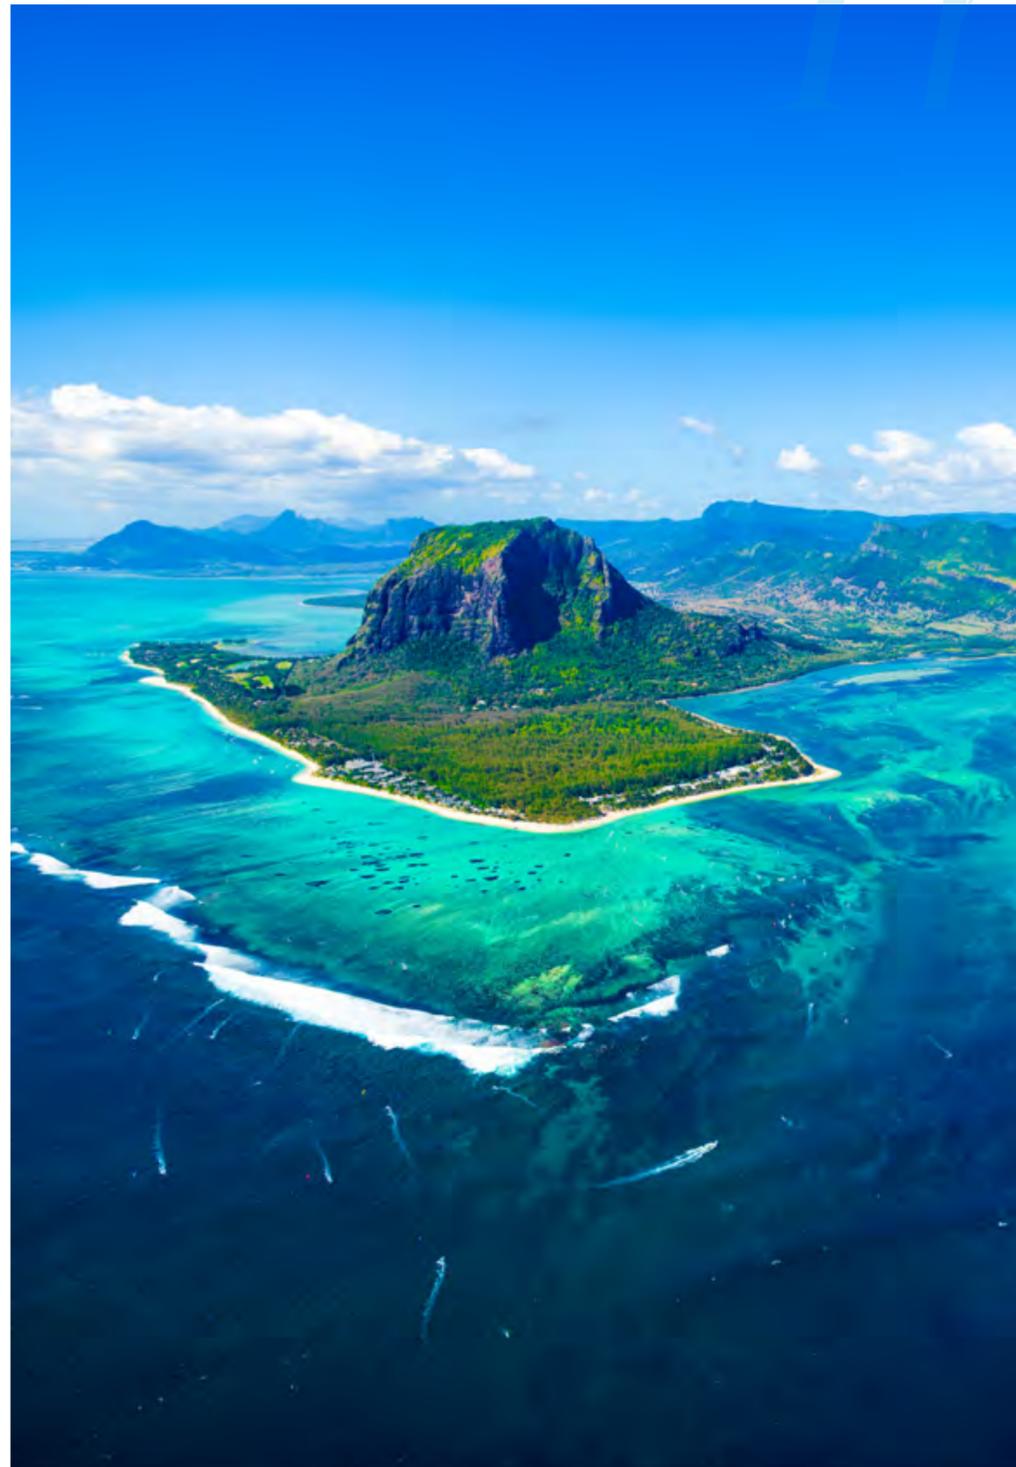

In the heart of the
Mascarene archipelago

02

Tropical

Mauritius Your paradise island

Mauritius enjoys a tropical climate with a mild winter (20 to 24 °C) and warm temperatures in summer (28 to 33 °C).

White sandy beaches, turquoise lagoons, mountains, and countless natural treasures ...

Mauritius is a dynamic and culturally diverse island. A natural playground for thrill seekers, it is renowned for its lush flora including the emblematic flower; Anthurium.

The island offers the perfect living environment with a relatively pleasant climate throughout the year. In addition to its well-known assets, the island has many other attractions to discover.

Languages

The official language is English, but the majority of the Mauritian population is bilingual and speaks both English and French.

Currency

The currency of Mauritius is the Mauritian Rupee. There are international banks in all major cities to exchange foreign currencies.

Visa

Nationals of the European Union do not require visas for stays of less than six months in Mauritius. The Permanent Residence Permit is a program for foreigners who are looking to buy a residence, stay and work in Mauritius. Open to investors, retirees, professionals, self-employed entrepreneurs and their families. Permanent residency can be obtained by investing a minimum net amount of USD 375 000.

Time Zone

The slight time difference between Mauritius and Europe (Paris +2 hours in summer & +3 hours in winter/ GMT + 4) make the island an ideal destination. An added bonus are direct flights access around the world.

Why invest in Mauritius?

It is possible for foreigners to acquire properties through a special residential scheme, PDS (property development scheme). The benefits of the PDS scheme are:

- ~ Acquisition of a freehold property.
- ~ Those who acquire a residence for a minimum price of \$375,000 are eligible to obtain a permanent residence permit.
- ~ The off-plan sale under VEFA contracts ensures the financial bank guarantee for completion.
- ~ The VEFA contract is a mode of acquisition firmly guided by the law. The French Civil Code is applicable in Mauritius for any property purchased.
- ~ Upon signing the contract and before completion, the purchaser becomes the owner of land and construction in progress.
- ~ Opportunities to resale to foreigners in foreign currency.

Schemes

Grand Baie

The perfect place
to live

03

Grand Baie

The island's ultimate seaside resort

The villas are located in Grand Baie, a seaside village well-known for its watersport activities, restaurants, shopping and warm, sunny climate all year round. The heart of Grand Baie can be reached in less than 5 minutes.

For most Mauritians and expatriates, Grand Baie is the choice of residency. Close to the most beautiful beaches of the island, this village offers an unparalleled quality of life.

The North

Beaches and The North Islands

The region is well known for its beautiful beaches.

“

A special and unique charm

The crystal-clear water and the sandy seabed provide the cove with a turquoise colour and give to the north beaches a special and unique charm.

Many small islands such as Coin de Mire, l'île Plate, l'îlot Gabriel and l'île Ronde, can be visited by boat.

“

Your sea adventures await

Water Sports

- ~ Cruising
- ~ Catamaran
- ~ Speed boat trips
- ~ Sailing
- ~ Canoeing
- ~ Kayaking
- ~ Water skiing
- ~ Undersea walk
- ~ Glass-bottom boat
- ~ Diving
- ~ Kite surfing
- ~ Big-game fishing

Golf

Set in the breathtaking North, find the best 18-hole championship golf courses of the Indian Ocean, designed by legendary talents such as Peter Matkovich or Ernie Els.

Gym Club

Gyms with state-of-the-art equipment and an array of classes.

Health care

Mauritius has a comprehensive healthcare system with modern infrastructure. Moreover, many private health institutions offer competent medical facilities and treatments. Private medical assistance and general health care facilities are available in Grand Baie and its surroundings.

Many other professionals and medical experts such as general practitioners, pediatricians, podiatrists, therapists, and dermatologists can be found in the region.

Private Schools

From kindergartens to universities, enjoy a well-established network of private international schools that offers diverse educational programs in both English and French.

Restaurants

Representing the Mauritian population, the local food is the result of a cultural melting pot. Highly diversified, the famous creole cuisine uses different spices for its preparation, which makes it rich in colour and flavour. The region proposes a wide range of restaurants offering famous Mauritian specialties and international cuisines. Located in Trou aux Biches, at La Plage by Evaco, discover KO TAO, the authentic Thai restaurant at its finest.

Shopping

With malls, craft markets, and local boutiques, the North is considered one of the main shopping destinations on the island.

Nightlife

The nightlife in the North emerges as the sun sets over Grand Baie. Enjoy the collection of bars and pubs with live music. Under the open sky in a breezy setting, unwind with a cocktail in your hand.

The project

A unique concept

04

A New Lifestyle

Modern & eco-friendly villa

This exclusive and renowned residence offers an intimate setting in the North of the island. Upscale and visionary, the project unveils a collection of 3-bedroom villas in a fully secured environment, allowing nature to take centre stage. With an architecture that integrates elegance and eco-friendly materials, the property is an inspirational model of sustainable living that blends comfort and wellness.

The villa

These contemporary villas offer high-quality services on a surface area of 237m². With large windows opening onto the garden and pool, make the most of the living space. The bedrooms, including the stunning 35m² master suite, have been carefully designed with every detail in mind.

Design & comfort

Chic and modern furniture

Our interior architects have designed these aesthetic and functional interior spaces by carefully balancing different materials, finishes and levels of natural light. Noble and sustainable materials, such as bamboo, have been used with respect towards the preservation of our environment.

A sustainable villa

With energy-saving requirements

05

This eco-friendly villa has been designed to minimise any pollution and energy losses. Our team of engineers, architects, and construction professionals have worked together on this well-thought-out concept:

- ~ Design and concept: Have a bioclimatic architecture by adapting the plan to its environment and by focusing on natural ventilation.
- ~ Choice of materials: a well-considered variety of materials limiting pollutants, the use of eco-label products.
- ~ Household equipment: Use renewable energy sources such as photovoltaic panels and rainwater harvesting, or equipment that reduces energy consumption

A photovoltaic panel system

The first Off-grid Solar project

The benefits:

- ~ **An ecological and sustainable choice:** With photovoltaic solar panels, transform the energy of the sun into electricity. This means that you are opting for **cleaner electricity**, with no waste production and no CO² emissions. Solar energy is an inexhaustible resource and therefore a sustainable investment.
- ~ Photovoltaic solar panels require **little maintenance**.
- ~ **Optimal and aesthetic** installation on the roof with a large surface area, while preserving the living space.
- ~ **A quick return on investment:** On top of adding value to your property and saving on your electricity bills, you can benefit from an exemption on your taxes payable in Mauritius.

Eco-friendly

An ecological architecture For a sustainable future

- ~ Anti-reflective glazing
- ~ LED lighting
- ~ Natural ventilation and lighting
- ~ Rainwater harvesting
- ~ Roof Insulation
- ~ Equipment rated A+ or A++
- ~ Eco-Labels and recycled materials
- ~ Waste Management & Composting

The residence

A privileged setting

06

Clos du Littoral

Nautica villas enjoy an exceptional location in Clos du Littoral, one of the most renowned luxury residences in the region. In this pleasant, peaceful and secure environment, residents benefit from a wide range of services, including:

Lounge Club

A 20m swimming pool has been built around the lounge club.

A boat park

Unique to Grand Baie, the residence has a boat park that can accommodate more than 80 boats. The group has set up a personalised boat care and maintenance service.

Petanque court

Located in the leisure area, a petanque court is available to residents. A particularly fun activity practiced at all ages, it promotes conviviality and social interaction.

The Garden

The gardens located at Clos du Littoral allow residents to walk or jog within a secure environment and be immersed in nature.

The gym

The residence also includes a gym that allows residents to exercise daily.

A gourmet grocery store

This shop offers a selection of dishes, artisanal products and other delicacies to the owners and tenants.

A Spa

Clos du Littoral's spa offers the residents of the village a wonderful & serene place of relaxation in an elegant setting.
